EVENT REPORT

Sharing Day Celebration

Report dated 6 November 2026

Event	Sharing Day
Date	6 November 2026
Venue	GK Vinayaka Vidyalaya CBSE School, Padarnthapuli
Participants	Students of the school, from the younger classes through the middle classes, along with teachers
Activity	Students brought food from home and shared it with their friends during the meal

1. Introduction

On 6 November 2026, GK Vinayaka Vidyalaya CBSE School, Padarnthapuli, celebrated Sharing Day. On this day, students brought food from home to school and shared it with their friends. The celebration gave children a simple, practical way to experience generosity, togetherness and consideration for others as part of the school day.

2. Objectives

- To encourage the habit of sharing among students.
- To build friendship, cooperation and a sense of belonging in the school community.
- To help students appreciate different foods and the homes they come from.
- To promote good table manners and mealtime etiquette in a group setting.

3. Description of the Event

Students of different classes brought their lunch from home, packed in tiffin boxes, steel containers and lunch bags, along with their own water bottles. At mealtime they sat together on the floor of their classrooms and corridors in groups and circles, opened their boxes and shared their food with classmates and friends.

The younger children ate in small circles with their classmates, using spoons and their own plates and boxes, while the older students sat in larger groups. In several groups, teachers sat along with

the students and joined the meal. The atmosphere throughout was calm, friendly and orderly, and students were seen chatting, smiling and eating together.

A wide variety of home-cooked items was seen, including rice dishes, other cooked items and snacks. Sharing food from different households allowed children to taste items they might not usually have and to see that everyone has something to offer.

4. Observations

- Students from the younger classes to the middle classes took part, wearing the school uniform and sitting together in groups.
- Students sat in circles, which made it easy for everyone to take part and to talk with one another.
- Teachers joined the groups and shared the meal with the students.
- Students kept to their groups in an orderly manner and carried their own food containers and bottles.
- Children across age groups showed enjoyment and cooperation while sharing.

5. Learning Outcomes

- **Sharing and generosity:** students practised giving and receiving in a natural setting.
- **Social skills:** sitting and eating together encouraged conversation and friendship.
- **Inclusion:** every child was part of a group, regardless of what food they had brought.
- **Values:** the activity reinforced kindness, gratitude and respect for others.

7. Conclusion

Sharing Day at GK Vinayaka Vidyalaya CBSE School, Padarnthapuli, was a simple and meaningful celebration. Students brought food from home, sat together and shared it with their friends, with teachers joining in. The event supported the school's efforts to build values such as kindness, cooperation and friendship, and it can be continued in the coming years as a regular school activity.
